These sheet music arrangements have been prepared in the spirit of Loreena's recordings.

Although these are accurate, easy to play arrangements which in their simplicity will sound lovely on their own, you will get the most out of the music if you use the printed page as a guide to doing your own personal arrangements.

The vocal and instrumental melodies are accurately transcribed just as Loreena recorded them.

For the accompaniments, feel free to improvise on the written parts using the printed notes or chord symbols as a guide.

For the instrumental songs, you may also substitute any melodic instrument for any of the written melodies.

For those pieces that incorporate a hand percussion part feel free to use any combination of hand drums or percussion to accompany the song. The rhythms provided here are just guides to the basic rhythm of the arrangement and will sound best if you add your own variations.

The most important thing is to have fun with the music and to enjoy playing Loreena's compositions and arrangements in the joyous spirit of how they were created.

**(additional lyrics)**

2. Upon that misty night  
in secrecy, beyond such mortal sight  
Without a guide or light  
than that which burned so deeply in my heart  
That fire t'was led me on  
and shone more bright than of the midday sun  
To where he waited still  
it was a place where no one else could come

*CHORUS*

3. Within my pounding heart  
which kept itself entirely for him  
He fell into his sleep  
beneath the cedars all my love I gave  
From o'er the fortress walls  
the wind would his hair against his brow  
And with its smoothest hand  
caressed my every sense it would allow

*CHORUS*
