*** Diese Stelle können mehrere Bassisten, deren Falsetto besonders gut ist, oder auch nur 3 Soli intonieren. Wenn nötig, kann das hohe „h“-falsetto von einem Tenoristen intoniert werden. Singen im Chor nur 4 Tenoristen, soll Tenor 1 bereits am Ende des Taktes 36 — mit morendo — aussetzen und dann das „h“-falsetto übernehmen. In diesem Fall übernimmt in den Takten 39-40-41 eine Altistin das „fis“ des Tenors 1; das „e“ (Takt 41) wird jedoch wieder vom Tenor 1 gesungen.

This passage may be sung by several basses with particularly good falsetto registers, or by 3 soli. If necessary the falsetto high B may be taken over by a tenor. If there are only 4 tenors in the choir, the first tenor should stop at the end of bar 36 — with morendo — and then take over the falsetto B. In this case the first tenor's F-sharp in bars 39-40-41 is sung by an alto; the E in bar 41 is again sung by the first tenor.
